SUBJECT INDEX TO VOLUME 1.

Absorption of electric waves 47, 83, 115, 143, 163
Absorption spectra, application of, for determination of rare earths . . . 12
Acenaphtene, action of soda-amide on, ... 67
Acetic acid, adsorption of, by animal charcoal 259
Acetic acid, conductivity of, in acetone 245
Acetone, conductivity of acetic acid in, ... 245
Acetone, dielectric constant and absorption of electric waves of, . . 50, 87
Acetone, freezing curves of the system benzene and, ... 184
Acetone, heat of fusion of, ... 34
Acetone, melting curves of the system HCl and, ... 124
Acetonoxime, catalytic action of reduced copper on, ... 39
Acetophenone, catalytic hydrogenation of, ... 68
Acetophenone oxime, catalytic action of Japanese acid earth on, ... 177
Acetophenone pinacone, catalytic action of reduced copper on, ... 65
Acetyl derivatives of hydroxyphenylglycine nitriles 226
Acetyl-m-hydroxyanilidophenylmethyl-acetonitrile 229
Acetyl-o-hydroxyanilido-acetonitrile 228
Acetyl-o-hydroxyanilido-acetic acid 233
Acetyl-p-hydroxyanilidodimethyl-acetonitrile 227
Acetyl-p-hydroxyanilidomethyl-acetonitrile 227
Acetyl-p-hydroxyanilidophenyl-acetonitrile 228
Acetyl-p-hydroxyanilidophenylmethyl-acetonitrile 228
Acetyl (mono- and di-)-p-hydroxyanilidoacetic acid 231
Acetylene, determination of the density and the compressibility of, . . 41
Acetylene, rate of flow of, through a porous wall 7
Acid earth, catalytic action of Japanese, on a mixture of aniline and methyl alcohol 157
Acid earth, catalytic action of Japanese, on oximes 177
Acid earth, catalytic action of Japanese, on primary aliphatic alcohols . 197
Acid earth, catalytic action of Japanese, on cyclohexanol and its derivatives 219
Acid earth, dehydration of alcohols of cyclic terpene by Japanese, . . . 248
Adsorption isotherms, derivation of, ... 185, 257
Adsorption of acetic acid by animal charcoal 259
Air, effect of, upon the surface tension of liquids 174
Air, heat conduction of, under low pressures 111
Air, rate of flow of, through a porous wall 7

Alanine, spectroscopical study of the anhydride of, ... 73
Alcohols, dehydration of, of cyclic terpene by Japanese acid earth . . . 248
Alkalis in beryl from Ishikawa 239
Alkalis, method of separation of the rare, ... 216
Alkyl derivatives of hydroxyphenylglycine nitrile 202
Amino-acid, anhydride formation of, ... 19
Amino-acid anhydrides, spectroscopical study of, ... 71
Amino-acid anhydrides, constitution of some simple, ... 71
Ammonia, rate of flow of, through a porous wall 7
Ammonium chromate, solubility diagram of the system K_2SO_4 and, . . 139
Ammonium sulphate, solubility diagram of the system K_2CrO_4 and, . . 139
Amyl alcohol, dielectric constant and absorption of electric waves of, ... 52, 121, 145, 165
Amyl alcohol, viscosity of, at low temperatures 145
Analysis of radioactive manganiferous nodules 44
Analysis of rare earth elements by absorption spectra 12
Anhydride formation of amino-acid and peptides 19
Anhydride of alanine, spectroscopical study of, ... 73
Anhydro-p-amino-o-hydroxybenzylalcohol 206
Aniline, catalytic action of Japanese acid earth on a mixture of, and methyl alcohol 157
Animal charcoal, adsorption of acetic acid by, ... 259
Anomalous dispersion and absorption of electric waves . 47, 83, 115, 143, 163
Arabinose-N-butyl mercaptal 180
Arabinose-N-propyl mercaptal 181
Arsenious sulphide sol, coagulation of, by trans-dichloro-diethylenediamine cobaltic chloride 133
Aryl derivatives of hydroxyphenylglycine nitrile 202

Bauxite, studies on the properties of, ... 240
Beckmann's rearrangement 35, 54
Benzamide from benzamidoxime 36
Benzamidoxime, catalytic action of reduced copper on, ... 36
Benzene, effect of gases upon the surface tension of, ... 174
Benzene, freezing curves of the system acetone and, ... 184
Benzene, freezing curves of the system ether and, ... 183
Benzeneazo-p-cresol, spectrochemical study of, ... 262
Benzeneazoresorcinol, spectrochemical study of, ... 261
Benzil, action of soda-amide on, ... 66
Benzil, catalytic hydrogenation of, ... 16
Benzophenone, catalytic hydrogenation of, ... 68

Benzophenone oxime, catalytic action of reduced copper on, ... 38
Benzophenone oxime, catalytic action of Japanese acid earth on, ... 177
Benzophenone pinacone, catalytic action of reduced copper on, ... 64
Benzoyl acetone, catalytic hydrogenation of, ... 17
Benzoyl derivatives of hydroxyphenylglycine nitrile 226
Benzoyl-o-hydroxyanilido-acetonitrile 229
Benzoyl-p-hydroxyanilidophenyl-acetonitrile 228
6-Benzyloxy-7-(6-benzyloxy-7-hydroxy-2-methyl-3.4-dihydroisoquinoliniumoxy)-2-methyl-3.4-dihydroisoquinolinium iodide 127
6-Benzyloxy-7-hydroxy-2-methyl-3.4-dihydroisoquinolinium iodide . . . 127
6-Benzyloxy-7-hydroxy-2-methyl-3.4-dihydroisoquinolinium salts 127
Beryl, alkali in, from Ishikawa 239
Beryl, helium content of, ... 254
Biography of Professor Kikunae Ikeda 1
Biotites, alkalis in, ... 238
d-Borneol, action of Japanese acid earth on, ... 251
Butyl alcohol, dielectric constant and absorption of electric waves of, . . 52
Butyl mercaptals of sugars 179

Caesium, method of separation of, ... 216
Camphor, action of furfural on, ... 95
Camphor, catalytic hydrogenation of, ... 69
Camphor, studies of the essence of, ... 248
Carbon bisulphide, heat of fusion of, ... 34
Carbon dioxide, effect of, upon the surface tension of liquids 174
Carbon dioxide, in a flame in an electric field 24
Carbon dioxide, rate of flow of, through a porous wall 7
Carbon tetrachloride, orthobaric densities of, ... 192
Carbonyl group, catalytic hydrogenation of, in aromatic compounds . 14, 67
Casein, action of superheated water on, ... 104, 152
Catalytic action of Japanese acid earth on a mixture of aniline and methyl alcohol 157
Catalytic action of Japanese acid earth on oximes 177
Catalytic action of Japanese acid earth on primary aliphatic alcohols . . 197
Catalytic action of Japanese acid earth on cyclohexanol and its derivatives 219
Catalytic action of reduced copper on oximes 35, 54
Catalytic action of reduced copper on pinacones 64
Catalytic hydrogenation of carbonyl group in aromatic compound . . 14, 67
Cerium, absorption spectrum of, ... 9
Chlorobenzene, orthobaric densities of, ... 192

Chloroform, heat of fusion of, ... 34
Cinnamylaldoxime, catalytic action of reduced copper on, ... 37
Coagulation of As_2S_3 sol by trans-dichloro-diethylenediamine cobaltic chloride 133
Cobaltic chloride, trans-dichloro-diethylenediamine, ... 133
Colloidal, the true viscosity and the, viscosity 255
Colloids, action of protecting, on mercuric iodide 81
Compressibility of acetylene 42
Conductivity and viscosity 256
Conductivity of acetic acid in acetone 245
Cooling rate of thermometer under low pressures of gas 110
Copper, catalytic hydrogenation of carbonyl group in presence of, . . 14, 67
Copper, catalytic action of reduced, on oximes 35, 54
Copper, catalytic action of reduced, on pinacones 64
Cupric chloride in a flame in an electric field 25
Cryptotaenene 76
Crystal structure of penta-erythritol 62
Cyclohexanol, catalytic action of Japanese acid earth on, ... 219

Debye's dipole theory, anomalous dispersion and, ... 143, 163
Decomposition pressures of diaspore and bauxite 241
Decomposition heats of diaspore and bauxite 243
Dehydration of alcohols of cyclic terpenes by Japanese acid earth . . . 248
Densities, a relation between orthobaric, ... 189
Density of acetylene 41
Determination of rare earths by absorption spectra 12
Diacetyl-o-hydroxyanilido-acetonitrile 229

Potassium sulphate, solubility diagram of the system $(NH_4)_2CrO_4$ and . . 139

Praseodymium, absorption spectrum of, ... 9
Pressures, a simple manometer for measuring low, ... 109
Pressure, catalytic hydrogenation of carbonyl group in aromatic compound under, ... 14, 67
Pressure of gas, relation between the temperature and the, transpirating at a definite rate 211
Primary aliphatic alcohols, catalytic action of Japanese acid earth on, . 197
Propyl alcohol, dielectric constants and absorption of electric wave of, ... 51, 118, 144, 164
Propyl alcohol, viscosities of, at low temperatures 144
Propyl mercaptals of sugars 181
Protecting colloids, action of, on mercuric iodide 81
Proteins, action of superheated water on, ... 102, 151
Pyromusic acid amide from furfuraldoxime 35

Radioactive manganiferous nodules from Tanokami 43
Radioactivity of the rubidium from lepidolite and zinnwaldite of Japan . 215
Radium, content of, in manganiferous nodules from Tanokami 46
Rare earth, absorption spectra of, ... 9
Rare earth, quantitative determination of, ... 12
Rare alkalis, method of separation of, ... 216
Rate of flow of gases through a porous wall 5
Reaction velocity of trans-dichloro-diethylenediamine cobaltic chloride . 134
Reciprocal salt pair: $[K_2, (NH_4)_2]$–$[SO_4, CrO_4]$ 139
Resorcinol, condensation of, with ethylene dicyanide 129
Rhamnose-N-butyl mercaptal 180
Rhamnose-N-propyl mercaptal 181
Rubidium, method of separation of, ... 216
Rubidium, radioactivity of, from lepidolite and zinnwaldite of Japan . . 215

Salt pair, reciprocal, of $[K_2, (NH_4)_2]$–$[SO_4, CrO_4]$ 139
Samarium, absorption spectrum of, ... 9
Sarcosine anhydride, spectroscopical study of, ... 73
Separation, method of, of rare alkalis 216
Sesquiterpene, the terpene and the, of mitsubazeri 73
Soda-amide, action of, on organic compounds 66
Sodium chloride in a flame in an electric field 24
Solubilities of the derivatives of hydroxyphenylglycine in organic solvents 230, 232
Solubility diagram of the reciprocal salt pair $[K_2, (NH_4)_2]$–$[SO_4, CrO_4]$. 142
Specific heat of diaspore 244
Spectra, absorption, of salt solutions of rare earth elements 9

Spectra, application of absorption, for determination of rare earth . . . 12
Spectrochemical studies of hydroxyazo-compounds 260
Spectrographic studies of some furyl ketones 145, 234
Spectroscopical study of amino-acid anhydride 71
Sucrose-N-butyl mercaptal 180
Sucrose-N-propyl mercaptal 181
Sugars, mercaptals of, ... 179, 181
Superheated water, action of, on proteins 102, 151
Surface tensions, effects of gases upon the, of some liquids 173

Temperature, determination of high, by the effusion and the transpiration of gas 209
Terpene, dehydration of alcohols of cyclic, by Japanese acid earth . . . 248
Terpene and the sesquiterpene of mitsubazeri 74
Terpine, action of Japanese acid earth on the hydrate of, ... 248
Terpineol, action of Japanese acid earth on, ... 250
Thermodynamic studies on zinc iodide and mercurous iodide 169
p-Toluidine from methyl alcohol and aniline 158
Trans-dichloro-diethylenediamine cobaltic chloride, substitution reaction of, ... 133
Transpiration, determination of high temperature by the, of gas 209

Ultra-violet, absorption spectra of rare earths in, ... 11

Vapour pressure equation for low temperatures 195
Vapour pressures of ethyl ether at low temperatures 196
Vapour pressures of hydrogen cyanide 59
Viscosities, the true and the colloidal, ... 255
Viscosities of ethyl, propyl, isobutyl and amyl alcohol at low temperatures. 144
Viscosity and electrical conductivity 256

Water, action of superheated, on proteins 102, 151
Water, effect of gases upon the surface tension of, ... 174
Water vapour in a flame in an electric field 24

Zinc iodide, free energy of formation of, ... 172
Zinc iodide, heat of formation of, ... 171
Zinc iodide, fictitious heat of solution of, ... 169
Zinc iodide, thermodynamic studies on, ... 169
Zinnwaldite, radioactivity of rubidium from, of Japan 215
Zinnwaldite, alkalis in, ... 238
